

# Transformative End-to-End Solutions for Healthcare

Tegria is a global healthcare **consulting and services** company that helps transform healthcare with customized **end-to-end solutions**. We believe **meaningful change** is achieved through collaboration, and we proudly partner with **provider and payer** organizations to advance care, **improve performance**, and tackle healthcare's biggest challenges.

## We Help Clients Achieve

- ✓ Reduced operating costs
- ✓ Expanded access
- ✓ Increased efficiency
- ✓ Streamlined operations
- ✓ Better data integration across systems and organizations
- ✓ More effective collaboration across providers and payers
- ✓ Improved financials
- ✓ Enhanced experiences for patients, clinicians, and members

## Comprehensive, Customized Solutions for Healthcare

### Access + Experience

Improve care experiences and performance with simplified scheduling, efficient referral management, and operational alignment.

### Care Operations

Modernize interactions between providers, patients, and payers, address clinician burnout, and deliver coordinated care.

### Data + Analytics

Leverage the power of your data to unlock efficiencies and improve decision-making.

### Infrastructure + Cloud

Design your infrastructure and cloud strategy to align with your business goals.

### Payer Enterprise Systems + Services

Improve operations, collaboration, and member experiences with strategic planning, project management, implementation, and optimization services.

### Provider Enterprise Systems + Services

Maximize the value of your technology investments with strategic planning, implementation services, and application support.

### Revenue Cycle Optimization

Unlock new levels of performance and efficiency through strategic process improvements and technology integration.

# We're Tegria

## Created by Healthcare for Healthcare

Tegria is a global healthcare consulting and services company that partners with provider and payer organizations to transform healthcare. Tegria delivers personalized, end-to-end solutions to help our clients drive growth, enhance experiences, foster collaboration, and create a more accessible, efficient, and integrated healthcare system.

## Here for Healthcare IT

### Healthcare-Focused

Our roots in healthcare give us a deep understanding of industry operations, workflows, and technologies.

### Client-Centered

Our approach starts with listening and centers around helping our clients succeed today and in the future.

### Results-Driven

Our integrated solutions drive meaningful change to advance care and improve performance.

## Working Together To Drive Meaningful Change

We are partners in progress for our clients and take a holistic approach to healthcare transformation. We understand that true transformation doesn't occur in a silo. Achieving meaningful, sustainable change requires a complete alignment of the people and processes involved, and the technology that is used.

## Why Tegria?

With **1,500 healthcare-focused consultants** globally, we've helped **650+ clients** transform healthcare with market-leading solutions.

- Data & Analytics

# Tegria

Tegria's expertise was instrumental in transforming our revenue cycle management. Their collaborative approach and deep understanding of MEDITECH's capabilities enabled us to streamline workflows and enhance financial performance. **Tegria's proactive problem-solving and commitment to our success have been evident throughout our partnership**, and their contributions have had a lasting positive impact on our organization's financial stability."

Laura Gamble, CEO,  
Pender Community Hospital

When you try to find a partner that's going to be **as influential as Tegria** has been, somebody who's going to be intimately involved in the minute details of your EHR, you want to choose somebody who is going to be on your side and **truly partner with you**. If you partner with Tegria, you're definitely partnering with a company who **cares about you** and wants to see you be successful."

Brian Heersink, IT Director  
San Luis Valley Health

We enjoyed partnering with Tegria. The group was helpful and had **great revenue cycle recommendations** that helped us increase our charge capture and efficiency. They listened well to our needs and used their EHR expertise to **meet us where we were** and guide us through our transition. Their guidance, expertise, and **willingness to tackle whatever we asked** were invaluable."

Arvind Oswal, Chief Financial Officer  
Arrowhead Regional Medical Center
